Open 'Create your account' 2. Select account type = Individual 3. Fill in all required fields and tick the Terms checkbox 4. Click 'Create account'	Account is created with type = Individual, KYC status = "Not submitted", no headcount and no Class; user is redirected to 'Verify your identity'	High	As expected	Pass				
6	TC-006	14	Onboarding & KYC	FR-002 / US-ON02	UI/UX	Switch between Company and Individual on the registration form	User is on 'Create your account'	—	1. Select Company and check the fields shown 2. Switch to Individual 3. Switch back to Company	Only the fields of the selected account type are shown (headcount and legal entity fields appear for Company only)	Low	As expected	Pass				
7	TC-007	13	Onboarding & KYC	FR-002 / US-ON02	Functional	Register with an email that is already registered	An account with this email already exists	Apex Global Syndicate Inc. Alexander Wright apex@gmail.com 123456Aa@	1. Fill in the registration form with the existing email 2. Click 'Create account'	Message "This email is already registered. Log in instead." is shown; no new account is created	Medium	As expected	Pass				
8	TC-008	15	Onboarding & KYC	FR-002 / US-ON02	Functional	Register with missing or invalid fields	User is on 'Create your account'	1. empty required field 2. password: abc123 (no symbol) (d) Confirm password different	1. Enter each invalid case 2. Click 'Create account'	An inline error is shown under each invalid field; the account is not created	Medium	As expected	Pass				
9	TC-009	16	Onboarding & KYC	FR-002 / US-ON02	UI/UX	Register without accepting the Terms of Service	All fields are valid; Terms checkbox is not ticked	—	1. Fill in all fields without ticking the Terms checkbox 2. Try to click 'Create account'	'Create account' stays disabled (or the message "Please accept the Terms of Service and Privacy Policy." is shown)	Low	As expected	Pass				
10	TC-010	17	Onboarding & KYC	FR-005 / US-ON04	Data	Class preview by headcount band (Company)	User is registering a Company account	Each headcount band in the list	1. Select each headcount band one by one 2. Read the preview text after each selection	Preview "Your class: Class X (based on headcount)" updates immediately; each band maps to exactly one Class (0–7) as configured	High	As expected	Pass				
11	TC-011	26	Onboarding & KYC	FR-003 / US-ON03	Functional	Submit KYC successfully	Logged in as uat.company01; KYC status = "Not submitted"	Name: Nova Harbor Ltd. Document type: Articles of Incorporation / Org. Registry no.: DE-LLC-7840192-B File: KYC.pdf (2 MB)	1. Open 'Verify your identity' 2. Fill in the required fields 3. Upload the document 4. Click 'Submit for verification'	KYC status = "Pending review" and a KYC reference number is created; screen shows "Your documents are under review" with the reference and review time (1–2 business days); the request appears in the Admin KYC queue	High	As expected	Pass				
12	TC-012	22	Onboarding & KYC	FR-003 / US-ON03	Functional	Submit KYC with missing information or no document	KYC status = "Not submitted"	(a) a required field empty (b) no file uploaded	1. Leave a required field empty (or upload no file) 2. Click 'Submit for verification'	An error is shown on the missing field; KYC is not submitted	Medium	As expected	Pass				
13	TC-013	23	Onboarding & KYC	FR-003 / US-ON03	Functional	Upload an unsupported or oversized KYC file	User is on 'Verify your identity'	(a) kyc.docx (b) kyc_big.pdf (30 MB)	1. Upload each file	File is rejected with "Accepts PDF, JPG, or PNG up to 25MB." and is not added to the list	Medium	As expected	Pass				
14	TC-014	24	Onboarding & KYC	FR-003 / US-ON03	UI/UX	Remove an uploaded KYC file	One file has been uploaded	kyc_apex.pdf	1. Click the delete icon on the uploaded file	The file is removed from the submission	Low	As expected	Pass				
15	TC-015	25	Onboarding & KYC	FR-003 / US-ON03	Functional	Save KYC draft and continue later	User has entered part of the KYC information	Partial KYC data	1. Click 'Save Draft & Exit' 2. Log out and log in again 3. Click 'Complete KYC'	Draft is saved; KYC status stays "Not submitted"; the saved information is shown again and the user can continue	Medium	As expected	Pass				
16	TC-016	35	Onboarding & KYC	FR-003, FR-004 / US-ON03	Functional	Re-submit KYC after rejection	KYC of Nova was rejected by Admin with a reason	Account: nova@gmail.com New file: KYC_updated.pdf	1. Log in and open 'Verify your identity' 2. Read the rejection reason and requirements 3. Upload the updated document 4. Click 'Re-submit documents'	Rejection reason and resubmission requirements are shown; after re-submitting, KYC status = "KYC in review"	High	As expected	Pass				
17	TC-017	64	Login & Access	FR-006 / US-ON05	Functional	Log in successfully	Account exists; KYC Approved	Apex Global Syndicate Inc. Alexander Wright apex@gmail.com 123456Aa@	1. Open 'Log in' 2. Enter the correct email and password 3. Click 'Log in'	User is authenticated and the Member Dashboard opens	High	As expected	Pass				
18	TC-018	18	Login & Access	FR-006, NFR-003 / US-ON05	Security	Log in with wrong credentials	User is on 'Log in'	1. correct email + wrong password 2. unknown email	1. Enter each wrong combination 2. Click 'Log in'	Message "Email or password is incorrect." is shown in both cases; it does not reveal which field is wrong	High	As expected	Pass				
19	TC-019	27	Login & Access	FR-006, FR-003 / US-ON05, US-ON03	Functional	Log in while KYC is not yet approved	KYC status = "KYC in review"	nova@gmail.com pass: 123456Aa@	1. Log in 2. Look at the Dashboard 3. Try to open Purchase / Gift Title	Dashboard opens with a banner "KYC in review" and the next step; Aquisision and Gifting is disabled	High	As expected	Pass				
20	TC-020	28	Login & Access	FR-006, FR-027 / US-ON05, US-AD03	Authorization	Role-based access after login: member cannot open Admin pages	One member account and one Admin account exist; both use the same Log in page	Member: apex@gmail.com / 123456Aa@ Admin: admin@gmail.com Admin URL: copied from the Admin's browser	1. Log in as Admin → copy the URL of an Admin page (e.g. Revoke NFT) → log out 2. Log in as the member on the same Log in page 3. Paste the copied Admin URL into the address bar 4. Log out, then paste the Admin URL again without logging in	Step 1: Admin is taken to the Admin Portal Step 2: Member is taken to the Member Dashboard; no Admin menu is visible Step 3: Access is denied (error / "no permission" page or redirect to the Member Dashboard); no Admin data is shown Step 4: User is redirected to the Log in page	High	As expected	Pass				
21	TC-021	43	Wallet Management	FR-007 / US-AW01	Functional	New user has no wallet and sees the wallet empty state	New account, KYC Approved, no Title yet	nova@gmail.com pass: 123456Aa@	1. Log in 2. Look at the "My wallets" section on the Dashboard 3. Look for any "Create wallet" action	- No wallet is shown and there is no "Create wallet" action - Empty state: "You don't have a wallet yet" + "Your wallet is ready once you get your first Title, or you can link one you already own." - Helper text: "Each wallet can be linked to only one PW account." - Only the "Link wallet" button is available	Medium	As expected	Pass				
22	TC-022	44	Wallet Management	FR-009, FR-019, FR-025 / US-AW03, US-PT05, US-DR04	UI/UX	Dashboard overview for a new user with no Titles	New account, KYC Approved, no Title, no points	nova@gmail.com pass: 123456Aa@	1. Log in and open the Dashboard 2. Check the header 3. Check the Point Balance, Ranking and Titles Owned cards 4. Click "View history" on the Point Balance card	- Header shows the company name, Class and a "KYC verified" badge - Point Balance = 0 PTS - Ranking = "Not ranked yet", counted 0 of 0 NFTs - Titles Owned = 0 (0 Titles · 0 Awards) - "View history" opens an empty point history: "Earn points when you buy or receive a Title."	Medium	As expected	Pass				
23	TC-023	65	Wallet Management	FR-008 / US-AW02	Functional	View wallet details	Logged in as Apex (has a PW wallet and a linked Ledger wallet)	Apex: apex@gmail.com / 123456Aa@	1. Log in and open Member Dashboard 2. Scroll to 'My wallets' 3. Read each wallet row 4. Click the copy icon next to the address of 'PW wallet'	- 'PW wallet': no badge, address 0x4f3a…9c21, 'Managed by Circle', 3 NFTs - 'Ledger — personal': badge VERIFIED, address 0x8b2e…41d7, 'Linked 24 Sep 2026, 09:12 UTC', 1 NFT, with an 'Unlink' button - The copy icon copies the wallet address to the clipboard	Medium	As expected	Pass				
24	TC-024	66	Wallet Management	FR-009 / US-AW03	Functional	View owned NFTs	Logged in as Apex (owns 3 Titles and 1 Award)	Apex: apex@gmail.com / 123456Aa@	1. Log in and open Member Dashboard 2. Check the 'Titles Owned' card 3. Scroll to 'My Titles' and check each card	- 'Titles Owned' = 4 (3 Titles · 1 Award) - Investor #PW-2025-INV-99810: pill 'PW wallet', 'ERC-3643 · Issued 22 Sep 2026 · Transfer available (one-time)' - Investor #PW-2026-INV-10233: pill 'Personal wallet · Ledger', 'ERC-3643 · Issued 18 Aug 2026 · Wallet 0x8b2e…41d7 …' - Bridge #PW-2026-BRG-20417: pill 'PW wallet', 'ERC-3643 · Issued 12 Sep 2026 · Transfer available (one-time)' - Philanthropist #PW-2026-AWD-00412: badge Award, pill 'PW wallet', Soulbound, 'ERC-5484 · Granted 18 May 2026 · Non-transferable'	High	As expected	Pass				
25	TC-025	45	Wallet Management	FR-009 / US-AW03	UI/UX	View 'My Titles' with no Title	Nova's KYC is Approved (TC-083) and Nova owns no Title	Nova: nova@gmail.com / 123456Aa@	1. Log in as Nova and open Member Dashboard 2. Scroll to 'My Titles' 3. Click 'Browse Titles →'	- Empty state: 'No Titles yet' + 'Titles you buy or receive as a gift will appear here.' - 'Browse Titles →' opens the 'Acquisition & Gifting' page	Low	As expected	Pass				

UAT CHECKLIST – ACCEPTANCE TEST SCENARIOS

121 PW scenarios prepared from BRD, SRS v1.1 and User Stories & AC. The No. column numbers automatically. Fill in columns M–R while testing.

Note: the Bug ID cell turns red when Status = Fail/Blocked and no Bug ID has been entered.

No.	TC ID	Test Order	Module	Req ID (FR / US)	Test Type	Scenario / Title	Preconditions	Test Data	Test Steps	Expected Result	Priority	Actual Result	Status	Tester	Test Date	Bug ID	Notes / Evidence
26	TC-026	75	Wallet Management	FR-031 / US-AW04	Integration	Link a non-custodial wallet	Logged in as Apex; the test address below is not linked yet	Apex: apex@gmail.com / 123456Aa@ Wallet name: Trezor — backup Network: Polygon (PoS) – fixed Wallet app: MetaMask Wallet address: 0x71C7656EC7ab88b098defB751B7401B5f6d8976F	1. Log in as Apex and open Member Dashboard 2. In 'My wallets' click 'Link wallet' 3. Enter the wallet name, choose the wallet app and enter the wallet address 4. Click 'Continue' 5. Read the message in 'Prove you own this wallet' and click 'Sign message' 6. Click 'Done'	- Step 2 'Prove you own this wallet' shows the message "Link wallet 0x… to PW account "Apex Global Syndicate Inc."" with a nonce; signing is free (nothing is sent on-chain) - After signing: 'Wallet linked' + 'Trezor — backup is verified…' - The wallet appears in 'My wallets' with badge VERIFIED and 'Recent activity' shows a 'Wallet linked' entry (verified via cryptographic signature)	High	As expected	Pass				
27	TC-027	76	Wallet Management	FR-031 / US-AW04	Functional	Signature comes from a different wallet when linking	The 'Link a wallet' dialog is at 'Prove you own this wallet'	Apex: apex@gmail.com / 123456Aa@ Wallet name: Trezor — backup Wallet address: 0x71C7656EC7ab88b098defB751B7401B5f6d8976F Demo control: 'Demo: sign with a different wallet'	1. Open 'Link wallet', fill in the form and click 'Continue' 2. Click 'Demo: sign with a different wallet' (simulates signing with another wallet) 3. Click 'Sign message'	Message "The signature came from wallet 0x…, which does not match the address you entered. Please sign with your own wallet."; the wallet is not linked and is not listed in 'My wallets'	Medium	As expected	Pass				
28	TC-028	77	Wallet Management	FR-031 / US-AW04	Functional	Link a wallet address that is already linked to my account	Apex already has 'Ledger — personal' (0x8b2e…41d7) linked	Apex: apex@gmail.com / 123456Aa@ Wallet name: Ledger copy Wallet address: 0x8b2e000000000000000000000000000041d7 (short form 0x8b2e…41d7)	1. Log in as Apex and open Member Dashboard 2. In 'My wallets' click 'Link wallet' 3. Enter the name and the address above 4. Click 'Continue'	Message "This wallet is already linked to your account."; no second record is created and the dialog does not go to the signing step	High	As expected	Pass				
29	TC-029	78	Wallet Management	FR-031 / US-AW04	Functional	Link a wallet with missing or invalid information	The 'Link a wallet' dialog is open (step 1)	Apex: apex@gmail.com / 123456Aa@ (a) Wallet name empty (b) Wallet address empty (c) Wallet address 0x123	1. Open 'Link wallet' 2. Try each case (other fields valid) and click 'Continue'	The dialog stays on step 1 with an error under the field: (a) "Please name your wallet." (b) "Please enter the wallet address." (c) "This address is not valid. It must start with 0x and have 40 hex characters."	Medium	As expected	Pass				
30	TC-030	104	Wallet Management	FR-032 / US-AW05	Functional	Unlink a non-custodial wallet	Apex has a linked wallet holding at least one NFT ('Ledger — personal' holds Investor #PW-2026-INV-10233, plus Investor #PW-2025-INV-99810 if TC-053 was run before). Run in Test Order; if you run this case alone, click 'Reset' on the Landing Page first.	Apex: apex@gmail.com / 123456Aa@ Wallet to unlink: Ledger — personal	1. Log in as Apex and note 'Titles Owned', 'Ranking' and the NFT count of 'Ledger — personal' 2. In 'My wallets' click 'Unlink' on 'Ledger — personal' 3. Read the warning dialog 4. Click 'Unlink wallet'	- Dialog 'Unlink Ledger — personal?' says: the NFT (s) in this wallet will be removed from your account and will no longer count toward your ranking; link this wallet again at any time to get it back - After confirming: the wallet disappears from 'My wallets'; the NFTs it held disappear from 'My Titles'; 'Titles Owned' drops by that number; the rank drops (e.g. #52 → #107 on fresh data, where the wallet holds 1 NFT) and the Directory card shows the same rank; 'Recent activity' shows 'Wallet unlinked'	Medium	As expected	Pass				
31	TC-031	79	Wallet Management	FR-032 / US-AW05	UI/UX	Cancel unlinking a wallet	Apex has the linked wallet 'Ledger — personal'. Run in Test Order; if you run this case alone, click 'Reset' on the Landing Page first.	Apex: apex@gmail.com / 123456Aa@	1. In 'My wallets' click 'Unlink' on 'Ledger — personal' 2. In the dialog click 'Cancel' (or the close icon)	The dialog closes; nothing changes: the wallet stays in 'My wallets' and the NFT cards, 'Titles Owned' and the rank are unchanged	Low	As expected	Pass				
32	TC-032	50	Titles & Pricing	FR-011 / US-TN01	Functional	Browse Titles with KYC Approved	Nova is logged in and KYC is Approved (Class 2)	Nova: nova@gmail.com / 123456Aa@	1. Click 'Acquisition & Gifting' in the left menu 2. Read the three Title cards 3. Click 'Select' on another card	- Three Titles (Philanthropist, Investor, Bridge) are listed, each with a description, a price and a 'Select' button - Investor is selected by default; clicking 'Select' on another card moves the 'Selected' mark to it - No KYC banner is shown and 'Continue to Recipient →' is enabled	High	As expected	Pass				
33	TC-033	51	Titles & Pricing	FR-011 / US-TN01	Functional	Selecting a different Title updates the Title preview	Nova is logged in and KYC is Approved (Class 2)	Nova: nova@gmail.com / 123456Aa@ Titles: Philanthropist (CHF 2,000.00) · Bridge (CHF 3,000.00)	1. Open 'Acquisition & Gifting' 2. Select 'Philanthropist' and click 'Continue to Recipient →' 3. Read 'Title preview' (Title and Total Due) 4. Click '← Back to Title', select 'Bridge', continue again and read the preview	'Title preview' always shows the Title selected on the previous step and its Class 2 price: Philanthropist – Total Due CHF 2,000.00; Bridge – Total Due CHF 3,000.00	Medium	As expected	Pass				
34	TC-034	42	Titles & Pricing	FR-011 / US-PT01	Functional	View Title prices for the logged-in user's Class	Logged in; the account has a Class	Nova: nova@gmail.com / 123456Aa@ (Class 2) Apex: apex@gmail.com / 123456Aa@ (Class 4) Emily: emily@gmail.com / 123456Aa@ (Class 4 after the admin raised it in TC-086; it would be Class 0 if the KYC were approved without a Class change)	1. Log in with each account (read the prices at the start of each session, see Test Order) 2. Open 'Acquisition & Gifting' 3. Read the price on each card	Prices in CHF follow the Class (Philanthropist / Bridge / Investor); the cards show the list price, the Year-2 discount only appears in the Order Summary (see TC-106): - Class 0 (an approved Class 0 account): 1,000 / 1,500 / 2,000 - Class 2 (Nova): 2,000 / 3,000 / 4,000 - Class 4 (Apex, and Emily after TC-086): 4,500 / 6,500 / 9,000	Medium	As expected	Pass				Demo web has no separate price-table page; prices are shown on the Title cards.
35	TC-035	5	Titles & Pricing	FR-011 / US-PT01	UI/UX	View the Titles as a visitor	Not logged in	—	1. Open the Landing Page 2. Click 'Titles' in the top menu (section 'Choose your title') 3. Click 'Purchase a Title' on any Title card	- Landing Page lists Philanthropist, Investor and Bridge with description, 'Designated for' and series, without prices - Clicking 'Purchase a Title' without logging in redirects to the 'Log in' page	Low	As expected	Pass				
36	TC-036	52	Titles & Pricing	FR-016 / US-PT02	Data	Price summary uses the buyer's Class	Buyer's KYC is Approved; not eligible for the Year-2 discount (Nova is a new account)	Nova: nova@gmail.com / 123456Aa@ (Class 2) Title: Investor	1. Log in, open 'Acquisition & Gifting', keep 'Investor' selected and click 'Continue to Recipient →' 2. Keep 'For Myself' and click 'Continue to Payment →' 3. Read 'Order Summary' 4. Compare with the price shown on the Investor card	Order Summary shows 'Title price' equal to the card price of Nova's Class (CHF 4,000.00); 'Year-2 discount (20%)' = — (Not eligible); 'Settlement total' = Title price. The same screen for Apex, who is eligible, is checked in TC-106.	High	As expected	Pass				
37	TC-037	56	Purchase & Payment	FR-012, FR-013, FR-007 / US-TN02, US-AW01	Functional	First self-purchase: wallet created and Title NFT minted	Nova's KYC is Approved; Nova has NO wallet and no Title	Nova: nova@gmail.com / 123456Aa@ Title: Investor (CHF 4,000.00, Class 2) Card (new, entered by hand): 4242 4242 4242 4242 · Expiry 12 / 29 · Security code 123 · Name on card: Daniel Brooks · Billing country: United Kingdom (default = Nova's registered country) Tick 'Save this card for future purchases' (ticked by default) and 'Set as default payment method'	1. Log in as Nova > 'Acquisition & Gifting' > keep 'Investor' > 'Continue to Recipient →' 2. Keep 'For Myself' > 'Continue to Payment →' 3. Nova has no saved card: click '+ Add new card', fill in the form with the card above, tick 'Set as default payment method', then tick 'I agree to the Security code 123 · Name on card: Daniel Brooks · Billing country: United Kingdom (default = Nova's registered country) Tick 'Save this card for future purchases' (ticked by default) and 'Set as default payment method' agree to the Issuance Terms and the Legal Custody Agreement' 4. Click 'Pay & issue Title' and wait for the issuing screen to finish 5. Click 'Go to Dashboard' and check 'My wallets', 'My Titles' and 'Point Balance'	- Payment page: no saved card is listed and only the '+ Add new card' button is shown (the card form is collapsed until clicked); 'You earn +400 PTS' - Issuing screen 'Payment received — issuing your title', then 'Your Title is in your wallet': Owner Nova Harbor Ltd., Wallet 'PW wallet · Managed by Circle', Title ID #PW-2026-INV-41207, Amount paid CHF 4,000.00, Points earned +400 PTS - Dashboard: a 'PW wallet' exists (1 NFT); Investor card = pill 'PW wallet', 'Transfer available (one-time)'; Point Balance = 400 PTS - The card is saved: on the next Payment step it is listed as 'Visa •••• 4242', 'Expires 12/29', badge Default (see TC-038)	High	As expected	Pass				End-to-end core flow
38	TC-038	60	Purchase & Payment	FR-007 / US-AW01	Functional	Second purchase uses the existing wallet	TC-037 passed (Nova already has a PW wallet holding 1 NFT, 400 PTS and the saved default card Visa •••• 4242)	Nova: nova@gmail.com / 123456Aa@ Title: Bridge (CHF 3,000.00, Class 2) Points used: 0 (leave 'Use points' at 0) Card: saved 'Visa •••• 4242' (default, preselected)	1. Log in as Nova > 'Acquisition & Gifting' > select 'Bridge' > 'Continue to Recipient →' 2. Keep 'For Myself' > 'Continue to Payment →' 3. Check 'Payment method': the saved card is preselected 4. Tick 'I agree to the Title Issuance Terms and the Legal Custody Agreement' and click 'Pay & issue Title'; wait for the issuing screen to finish 5. Click 'Go to Dashboard' and check 'My wallets', 'My Titles' and 'Point Balance'	- Payment page: 'Visa •••• 4242', 'Expires 12/29', badge Default is preselected and the new-card form is closed; 'You earn +300 PTS' - Result screen: Wallet 'PW wallet · Managed by Circle' (the existing wallet), Amount paid CHF 3,000.00, Points earned +300 PTS - Dashboard: no new wallet is created: 'My wallets' still shows a single 'PW wallet' now holding 2 NFTs; 'My Titles' lists the new Bridge Title (pill 'PW wallet', 'Transfer available (one-time)') next to the Investor Title; 'Titles Owned' = 2; Point Balance = 400 + 300 = 700 PTS	High	As expected	Pass				
39	TC-039	73	Purchase & Payment	FR-012 / US-TN02	UI/UX	'Pay & issue Title' stays disabled until the terms are accepted	Buyer is on the Payment step	Apex: apex@gmail.com / 123456Aa@	1. Log in as Apex > 'Acquisition & Gifting' > select a Title > 'Continue to Recipient →' > 'Continue to Payment →' 2. Without ticking the terms checkbox, try to click 'Pay & issue Title' 3. Tick 'I agree to the Title Issuance Terms and the Legal Custody Agreement'	The 'Pay & issue Title' button is disabled while the checkbox is empty and becomes enabled after ticking it	Medium	As expected	Pass

Note: the Bug ID cell turns red when Status = Fail/Blocked and no Bug ID has been entered.

No.	TC ID	Test Order	Module	Req ID (FR / US)	Test Type	Scenario / Title	Preconditions	Test Data	Test Steps	Expected Result	Priority	Actual Result	Status	Tester	Test Date	Bug ID	Notes / Evidence
40	TC-040	91	Purchase & Payment	FR-012 / US-TN02	Functional	Pay with a new card and save it	Apex is on the Payment step (Apex already has the default saved card Visa •••• 4492)	Apex: apex@gmail.com / 123456Aa@ Title: Philanthropist (CHF 4,500.00 for Class 4 → CHF 3,600.00 after the 20% Year-2 discount) Card number: 5555 5555 5555 4444 Expiry date: 08 / 30 Security code: 123 Name on card: Daniel Brooks Billing country: Switzerland (default = Apex's registered country) Tick 'Save this card for future purchases'; leave 'Set as default payment method' unticked	1. Log in as Apex > 'Acquisition & Gifting' > select 'Philanthropist' > 'Continue to Recipient →' > 'Continue to Payment →', then click '+ Add new card' 2. Fill in the card form and tick 'Save this card for future purchases' 3. Tick the terms checkbox and click 'Pay & issue Title'; wait for the issuing screen to finish 4. Start another purchase and open the Payment step again 5. Click 'Set as default' next to 'Mastercard •••• 4444', then reload the page (F5) and open the Payment step again 6. Click 'Remove' on the default card 'Mastercard •••• 4444' and confirm the 'Remove Mastercard •••• 4444?' message	- The card is accepted (brand badge MC is recognised from the number), payment goes to the issuing screen (total CHF 3,600.00, 'You earn +360 PTS') and the Title is issued - On the next Payment step the saved cards are 'Visa •••• 4492' (Default, preselected) and 'Mastercard •••• 4444', 'Expires 08/30'; only brand, last 4 digits and expiry are kept, never the full number - After step 5: 'Mastercard •••• 4444' shows the 'Default' badge and is preselected; 'Visa •••• 4492' loses the badge and shows 'Set as default'; the choice is still there after F5 - After step 6: 'Mastercard •••• 4444' disappears; 'Visa •••• 4492' becomes the Default again and is preselected; the removal is still there after F5	Medium	As expected	Pass				
41	TC-041	92	Purchase & Payment	FR-012 / US-TN02	UI/UX	Switch between the saved card and the new-card form; add a card without paying	User is on the Payment step as Apex (the only account with a saved card; new accounts such as Nova have none)	Apex: apex@gmail.com / 123456Aa@ Card to add: 3782 822463 10005 · Expiry 09 / 31 · Security code 1234 · Name on card: Daniel Brooks	1. Check the saved card row 2. Click '+ Add new card' and look at the form 3. Click 'Cancel' (next to 'Add card' at the bottom of the form) 4. Click '+ Add new card' again, click 'Add card' with the form empty 5. Fill in the form with the card above and click 'Add card'	- Saved card 'Visa •••• 4492', 'Expires 11/28', badge Default is preselected - The new-card form shows Card number, Expiry date, Security code, Name on card, Billing country, the VISA / MC / AMEX badges and an 'Add card' button with a 'Cancel' button beside it ('Saves the card without paying.') - The link at the top stays '+ Add new card'; 'Cancel' closes the form and returns to the saved card - Step 4: an error is shown under each empty field and no card is added - Step 5: the form closes and 'American Express •••• 0005', 'Expires 09/31' appears in the list below 'Visa •••• 4492' (still Default and preselected); nothing is paid and no Title is issued	Low	As expected	Pass				
42	TC-042	55	Purchase & Payment	FR-012 / US-TN02	Functional	Pay with invalid card details	User is on the new-card form and the terms checkbox is ticked	(a) Card number 4242 4242 4242 4241 (b) Expiry 01 / 20 (c) Expiry 13 / 29 (d) Security code 12 (e) Name on card empty	1. Click '+ Add new card' 2. Enter each invalid value (other fields valid) 3. Click 'Pay & issue Title'	An error is shown under the invalid field and payment is not sent: (a) "This card number isn't valid. Please check the digits and try again." (b) "This card has expired. Please use a different card." (c) "Please enter the expiry date as MM / YY." (d) "Please enter the 3 or 4 digit security code." (e) "Please enter the name shown on the card."	Medium	As expected	Pass				
43	TC-043	58	Purchase & Payment	FR-012 / US-TN02	UI/UX	Copy buttons on the result screen	A Title was just issued (TC-037)	Nova: nova@gmail.com / 123456Aa@	1. Complete a purchase (TC-037) and stay on the 'Your Title is in your wallet' screen 2. Click the copy icon next to the wallet address, then the copy icon next to the Title ID 3. Paste each value in a text box 4. Click 'Go to Dashboard' and click the copy icon next to the Title ID on the Investor card in 'My Titles'; paste it in a text box	- The wallet address (0x4f3a…9c21) and the Title ID (#PW-2026-INV-41207) are copied to the clipboard; each copy icon briefly turns into a green tick; the 'View on-chain' link sits in the Title ID row - Step 4: the copy icon next to the Title ID on the Investor card copies #PW-2026-INV-41207	Low	As expected	Pass				
44	TC-044	54	Purchase & Payment	FR-012 / US-TN02	Functional	Cancel before paying	Buyer is on the Payment step	Nova: nova@gmail.com / 123456Aa@	1. Log in as Nova > 'Acquisition & Gifting' > 'Continue to Recipient →' > 'Continue to Payment →' 2. Click '← Back to Dashboard' without paying 3. Check 'My Titles', 'My wallets' and 'Point Balance'	Nothing is charged, issued or credited: no new Title, no wallet change and points unchanged	Medium	As expected	Pass				
45	TC-045	74	Purchase & Payment	FR-007 / US-AW01	UI/UX	'For Myself' step shows my own entity and can go back to the Title selection	Buyer's KYC is Approved	Apex: apex@gmail.com / 123456Aa@	1. Log in as Apex > 'Acquisition & Gifting' > select 'Bridge' > 'Continue to Recipient →' 2. Read the 'For Myself' content and the 'Title preview' panel 3. Click '← Back to Title'	- 'Recipient: You (Already verified)', entity 'Apex Global Syndicate Inc.', 'KYC VERIFIED · ACTIVE' and the note 'Your vault is provisioned automatically upon settlement.' - '← Back to Title' returns to the Title selection with 'Bridge' still selected	Medium	As expected	Pass				
46	TC-046	93	Gift Title	FR-012, FR-013 / US-TN03	Functional	Gift a Title to a KYC-verified PW member	Buyer (Apex) KYC Approved; recipient Nova has an account with KYC Approved (it already owns the Titles bought in TC-037 and TC-038). Make this the LAST gift you buy before logging in as Nova, so the notification screen shows this gift first.	Apex: apex@gmail.com / 123456Aa@ Recipient: Nova: nova@gmail.com / 123456Aa@ (Nova Harbor Ltd.) – Verified Title: Philanthropist (CHF 4,500.00 for Class 4 → CHF 3,600.00 after the 20% Year-2 discount) Gift message (optional): Daniel, congratulations on the joint syndicate close. Looking forward to our continued partnership. Card: saved 'Visa •••• 4492'	1. Log in as Apex > 'Acquisition & Gifting' > select 'Philanthropist' > 'Continue to Recipient →' 2. Click the 'Gift to Someone' tab, type 'nova' in the search box and click 'Nova Harbor Ltd.' (the other results disappear once Nova is chosen) 3. Type the gift message and click 'Continue to Payment →' 4. Tick the terms checkbox and click 'Pay & issue Title' 5. Wait for the issuing screen to finish 6. Log out and log in as Nova 7. On the gift notification screen click 'View my title →' 8. Check the Dashboard	- Payment page: Beneficiary recipient = Nova Harbor Ltd.; 'Year-2 discount (20%)' = −CHF 900.00; Settlement total CHF 3,600.00; 'You earn +360 PTS · Recipient earns +360 PTS' - Result screen 'Your gift has been delivered': 'Philanthropist has been issued on-chain and deposited into Nova Harbor Ltd.'s PW vault', Owner Nova Harbor Ltd., Wallet 'Recipient's PW vault'; no accept step - Apex's 'My Titles' does not get the Title; Apex's 'Point Balance' rises by 360 PTS (10% of the amount paid, e.g. 3,300 → 3,660); 'Recent activity' shows 'Title gifted … gifted to Nova Harbor Ltd. · +360 PTS earned' - Step 6: Nova lands on the 'You've received a Gifted Title' screen (not the Dashboard): 'Apex Global Syndicate Inc. has assigned and gifted an institutional smart legal title to your registry account.', 'FROM: APEX GLOBAL SYNDICATE INC. (…)' with the gift message, Title name Philanthropist (ERC-3643), Recipient Nova Harbor Ltd. (company name first) with Daniel Brooks below it, the Title ID with a copy icon and 'Cryptographically Verified & Active'; there is no 'Save to vault' button (the Title is already in the vault) - Step 7: 'View my title →' opens the Dashboard; logging in again does not show this Philanthropist notification a second time (older gifts, e.g. the Bridge gifts of TC-064, show their own notification once each) - Nova's Dashboard (step 8): 'My Titles' has the Philanthropist card with the note 'Gifted by Apex Global Syndicate Inc.'; 'Titles Owned' is one more than before; the existing 'PW wallet' holds the new NFT (no second wallet); 'Point Balance' rises by 360 PTS (10% of the amount paid, earned by the recipient); 'Recent activity' shows 'Title received … received as a gift from Apex Global Syndicate Inc. · +360 PTS earned'	High	As expected	Pass				SRS v1.1 UC15 (select a KYC-verified member); open issue OI-08 still applies. Sample records such as Marcus Vance or any Directory entity (no login) can also be chosen as recipients; they only show the Title in the Directory.
47	TC-047	94	Gift Title	FR-012 / US-TN04	Functional	Gifted Title is added to the recipient's Directory card and profile	TC-046 passed (Nova received the Philanthropist Title as a gift)	Recipient: Nova Harbor Ltd. (nova@gmail.com)	1. Open 'Public Directory' 2. Search 'Nova Harbor' and read the card 3. Click 'View profile'	- The Nova Harbor Ltd. card shows 'NFTs owned' = all Titles Nova owns (the two purchases of TC-037 / TC-038 plus the gifts, e.g. 5), 'x Titles · 0 Awards', the tags 'Investor', 'Bridge' and 'Philanthropist'; the rank is recalculated by the number of NFTs (the Dashboard rank and the card rank are the same) - 'View profile' opens 'Verified Entity Dossier' with 'Total minted titles' equal to the NFTs owned and 'Primary title'; 'Verified Titles' lists the Titles (Token ID, issue date, issuing authority PW, hash) and the Philanthropist Title carries the note 'Gifted by Apex Global Syndicate Inc.'	Medium	As expected	Pass				Demo web has no email / in-app notification for gifts. For a sample recipient such as Marcus Vance (no login) the Directory card and profile also update, but his earlier Titles and award are sample data.
48	TC-048	87	Gift Title	FR-012 / US-TN03	Functional	Recipient without approved KYC cannot be selected	Elena Rostova has not completed KYC	Apex: apex@gmail.com / 123456Aa@ Recipient: Elena Rostova (Helios Energy GmbH)	1. Log in as Apex > 'Acquisition & Gifting' > 'Continue to Recipient →' 2. Click 'Gift to Someone' and type 'elena' in the search box 3. Try to click the result	The result shows 'Not verified' and "Hasn't completed KYC — can't receive a title yet"; it cannot be selected and 'Continue to Payment →' stays disabled	Medium	As expected	Pass				

UAT CHECKLIST – ACCEPTANCE TEST SCENARIOS

121 PW scenarios prepared from BRD, SRS v1.1 and User Stories & AC. The No. column numbers automatically. Fill in columns M–R while testing.

Note: the Bug ID cell turns red when Status = Fail/Blocked and no Bug ID has been entered.

No.	TC ID	Test Order	Module	Req ID (FR / US)	Test Type	Scenario / Title	Preconditions	Test Data	Test Steps	Expected Result	Priority	Actual Result	Status	Tester	Test Date	Bug ID	Notes / Evidence
49	TC-049	88	Gift Title	FR-012, FR-010 / US-TN03	Functional	Gift needs a recipient; 'Reset selection' clears the gift form	Buyer is on the 'Gift to Someone' step; Nova is registered and KYC Approved	Apex: apex@gmail.com / 123456Aa@ Recipient: Nova Harbor Ltd. (nova@gmail.com) Gift message: Thank you!	1. Click 'Gift to Someone' and check 'Continue to Payment →' 2. Type 'nova', select 'Nova Harbor Ltd.' and type a gift message 3. Click 'Reset selection' 4. Click 'Gift to Someone' again, type 'n' in the search box and read the list 5. Type 'aurelia'	- Before a recipient is chosen 'Continue to Payment →' is disabled - After selecting a recipient it is enabled and the message counter shows the typed length (x / 500) - 'Reset selection' clears the recipient, the message and the search box and returns to 'For Myself' - Step 4: the search covers every entity in the system (members, sample recipients and the Directory entities): the first 8 matches are listed followed by 'Showing the first 8 of N matches — keep typing to narrow it down.' - Step 5: only 'Aurelia Capital' (Verified, Company · PW-ORG-0081 · Geneva, CH) is listed and it can be selected	Medium	As expected	Pass				
50	TC-050	90	Gift Title	FR-016 / US-PT02	Functional	Payment summary of a gift shows the recipient's identity	Buyer's KYC is Approved; recipient Nova Harbor Ltd. is registered and Verified	Apex: apex@gmail.com / 123456Aa@ Recipient: Nova Harbor Ltd. (nova@gmail.com) – Verified Title: Bridge	1. Start a gift (steps 1–3 of TC-046) and reach the Payment step 2. Read 'Order Summary'	'Order Summary' shows Acquisition target = Bridge, Beneficiary recipient = Nova Harbor Ltd. with 'Verified entity' and DID:PW:UK-2488 (the number can differ if your Nova was registered with another email); for the buyer Apex the Bridge price CHF 6,500.00 is reduced by 'Year-2 discount (20%)' −CHF 1,300.00 (total CHF 5,200.00)	Medium	As expected	Pass				
51	TC-051	59	NFT Minting	FR-013 / US-TN05	Data	Minted NFT data is complete and consistent	A Title was just issued (TC-037)	Nova: nova@gmail.com / 123456Aa@ Title ID: #PW-2026-INV-41207	1. Note Title ID, Issued on and Wallet on the result screen 2. Open 'My Titles' on the Dashboard 3. Open 'Public Directory' > Nova Harbor Ltd. > 'View profile' and find the Title under 'Verified Titles'	Token ID #PW-2026-INV-41207, type Title (Investor), issue date, issuing authority PW and custody (PW wallet) are identical on the result screen, My Titles and the Directory profile	High	As expected	Pass				
52	TC-052	57	NFT Minting	FR-013 / US-TN05	UI/UX	Issuance progress screen shows the minting steps	Buyer has paid for a Title (watch this screen during step 4 of TC-037, or during TC-038)	Nova: nova@gmail.com / 123456Aa@	1. Pay for a Title (TC-037 or TC-038) 2. Watch the screen right after 'Pay & issue Title' 3. Wait for it to finish	- First 'Issuing title': 'Payment settled' (Completed) > 'Minting Title' (ERC-3643, in progress) > 'Depositing to recipient vault' (Queued), with Title, Beneficiary, Reference ID, Timestamp and Amount paid - After a few seconds the same page becomes 'Issued' (all three steps done)	Medium	As expected	Pass				
53	TC-053	85	NFT Transfer	FR-010 / US-TN06	Functional	Move a Title NFT to my linked wallet	Apex has Investor #PW-2025-INV-99810 in the PW wallet with its one-time transfer unused; the destination address is not linked yet	Apex: apex@gmail.com / 123456Aa@ NFT: Investor #PW-2025-INV-99810 Destination: My linked wallet = Ledger — personal (0x8b2e…41d7)	1. Log in as Apex; on the card of Investor #PW-2025-INV-99810 click 'Transfer' 2. Keep 'My linked wallet' (Default) selected and read 'Transfer summary' 3. Click 'Continue' 4. Wait for the 'Transferring' screen to finish and click 'Go to Dashboard'	- Page title 'Transfer a Title'; summary: From PW wallet · 0x4f3a…9c21, To Ledger — personal · 0x8b2e…41d7, Ranking 'Keeps counting', Transfer 'One-time · will be used', After transfer 'Locked'; no new signature is requested - Result 'Title transferred': 'Investor has been moved to Ledger — personal and is now locked there'; Ranking 'Keeps counting toward ranking' - Dashboard: the card shows 'Personal wallet · Ledger', Locked; no Transfer button; 'Recent activity' shows 'Transfer completed'	High	As expected	Pass				
54	TC-054	86	NFT Transfer	FR-010, FR-031 / US-TN06	Functional	Move a Title NFT to a new wallet by signing with it	Apex has Bridge #PW-2026-BRG-20417 with its one-time transfer unused; the destination address is not linked yet	Apex: apex@gmail.com / 123456Aa@ NFT: Bridge #PW-2026-BRG-20417 Destination address: 0x71C7656EC7ab88b098defB751B7401B5f6d8976E	1. Click 'Transfer' on the Bridge card 2. Select 'Another address' and enter the address (there is no 'This is my wallet' tick-box) 3. Click 'Continue' 4. In 'Prove you own this wallet' click 'Sign and transfer' 5. Wait for the transfer to finish and open the Dashboard	- 'Another address' reads 'Transfer to another wallet that you own. You'll connect it and sign a message to prove ownership.' - Step 3 goes straight to the signing dialog 'Prove you own this wallet' (free, nothing sent on-chain) - After signing the transfer completes as in TC-053: 'Title transferred' to 'Personal wallet · 976E' - The address is linked automatically: 'My wallets' lists 'Personal wallet · 976E' with badge VERIFIED and the Bridge card shows 'Personal wallet · 976E' and Locked	High	As expected	Pass				
55	TC-055	80	NFT Transfer	FR-010 / US-TN06	Functional	Signature does not match the destination address	The transfer page is open with 'Another address' selected. Use an NFT whose transfer is still unused (this case runs before TC-053 and TC-054 in the Test Order). Run in Test Order; if you run this case alone, click 'Reset' on the Landing Page first.	Apex: apex@gmail.com / 123456Aa@ Destination address: 0x71C7656EC7ab88b098defB751B7401B5f6d8976E Demo control: "Demo: sign with a different wallet"	1. Click 'Transfer' on an NFT > 'Another address' > enter the address > 'Continue' 2. In the dialog click 'Demo: sign with a different wallet' 3. Click 'Sign and transfer'	Message "The signature came from wallet 0x…, which does not match the address you entered. Please sign with your own wallet."; the transfer is not executed and the NFT keeps its Transfer button	Medium	As expected	Pass				
56	TC-056	81	NFT Transfer	FR-010 / US-TN07	Functional	A new destination address always needs a signature (no shortcut)	Apex has an NFT whose one-time transfer is unused	Apex: apex@gmail.com / 123456Aa@ Destination address: 0x71C7656EC7ab88b098defB751B7401B5f6d8976E	1. Click 'Transfer' on an NFT 2. Select 'Another address' and enter the address 3. Look for any option to skip the signature, then click 'Continue' 4. Do not sign: click 'Cancel' in the dialog and open the Dashboard	- The page has no 'This is my wallet' tick-box and no other way to skip the signature (only wallets the member proves to own can receive the NFT, a decision of the BA) - 'Continue' opens the signing dialog 'Prove you own this wallet'; nothing is transferred until the message is signed - After 'Cancel' the NFT is unchanged and keeps its Transfer button	High	As expected	Pass				Demo web only allows transfers to the user's own wallets.
57	TC-057	82	NFT Transfer	FR-010 / US-TN07	UI/UX	Cancel the transfer	The transfer page or the signing dialog is open	Apex: apex@gmail.com / 123456Aa@	1. Click 'Transfer' on an NFT > 'Another address' > enter a valid address > 'Continue' 2. In the signing dialog click 'Cancel' 3. On the transfer page click 'Cancel'	Step 2 closes the dialog and nothing is transferred; step 3 returns to the Dashboard; the NFT still shows 'PW wallet' with its Transfer button	Low	As expected	Pass				
58	TC-058	83	NFT Transfer	FR-010 / US-TN07	Functional	Transfer to an invalid destination address	User is on the transfer page with 'Another address' selected	(a) empty address (b) 0x123 (c) 0x followed by 40 characters that are not hex, e.g. 0xZZZZZZZZZZZZZZZZZZZZZZZZZZZZZZZZZZZZ	1. Select 'Another address' 2. Enter each address 3. Click 'Continue'	(a) "Please enter the recipient wallet address." (b) and (c) "This address is not valid. It must start with 0x and have 40 hex characters." The transfer is blocked each time	Medium	As expected	Pass				
59	TC-059	67	NFT Transfer	FR-010 / US-TN07	Functional	Award NFT cannot be transferred	Apex owns an Award NFT	Apex: apex@gmail.com / 123456Aa@ Award: Philanthropist #PW-2026-AWD-00412	1. Log in as Apex and open 'My Titles' 2. Read the Award card and look for a Transfer action	The Award card shows 'Award', 'Soulbound' and 'ERC-5484 · Granted 18 May 2026 · Non-transferable'; it has no 'Transfer' button (only 'View on-chain')	High	As expected	Pass				
60	TC-060	68	NFT Transfer	FR-010 / US-TN07	Functional	Title NFT cannot be transferred a second time	The NFT has already used its one-time transfer (Investor #PW-2026-INV-10233, or the NFT used in TC-053)	Apex: apex@gmail.com / 123456Aa@ NFT: Investor #PW-2026-INV-10233	1. Log in as Apex and open 'My Titles' 2. Look at the card of Investor #PW-2026-INV-10233	The card shows 'Personal wallet · Ledger', Locked and 'Locked — transfer already used'; there is no 'Transfer' button, so it cannot be transferred again	High	As expected	Pass				
61	TC-061	102	NFT Transfer	FR-010, FR-027 / US-TN07	Functional	Revoked NFT cannot be transferred	Apex owns a revoked NFT (Bridge #PW-2026-BRG-20417 revoked in TC-092)	Apex: apex@gmail.com / 123456Aa@ NFT: Bridge #PW-2026-BRG-20417 (revoked)	1. Log in as Apex and open 'My Titles' 2. Look at the revoked card	The card shows the 'Revoked' label and has no 'Transfer' button (only 'View on-chain')	Medium	As expected	Pass				
62	TC-062	84	NFT Transfer	FR-033 / US-TN08	UI/UX	Transfer summary reflects the chosen destination	Apex has an NFT with its one-time transfer unused	Apex: apex@gmail.com / 123456Aa@ Address for 'Another address': 0x71C7656EC7ab88b098defB751B7401B5f6d8976E	1. Click 'Transfer' on an NFT and read 'Transfer summary' with 'My linked wallet' selected 2. Select 'Another address' and type the address 3. Read 'Transfer summary' again	- Linked wallet: From 'PW wallet · 0x4f3a…9c21', To 'Ledger — personal · 0x8b2e…41d7', Ranking 'Keeps counting', Transfer 'One-time · will be used', After transfer 'Locked' - Another address: 'To' shows 'Personal wallet · 976E' with the shortened typed address (0x71C7…976E); the note 'Network fee is covered by PW.' is shown in both cases	Medium	As expected	Pass				
63	TC-063	61	NFT Transfer	FR-033 / US-TN08	Integration	Transfer page without a linked wallet	The member has a Title in the PW wallet and NO linked wallet	Nova: nova@gmail.com / 123456Aa@ (after TC-037; no linked wallet)	1. Log in as Nova and click 'Transfer' on the Investor card 2. Read the 'My linked wallet' option 3. Click 'Continue' without choosing another option	- 'My linked wallet' says "No linked wallet yet. Link a wallet from the Dashboard, or use another address." - 'Continue' shows "You have no linked wallet yet. Please choose "Another address"." and nothing is transferred	High	As expected	Pass				

UAT CHECKLIST – ACCEPTANCE TEST SCENARIOS

121 PW scenarios prepared from BRD, SRS v1.1 and User Stories & AC. The No. column numbers automatically. Fill in columns M–R while testing.

Note: the Bug ID cell turns red when Status = Fail/Blocked and no Bug ID has been entered.

No.	TC ID	Test Order	Module	Req ID (FR / US)	Test Type	Scenario / Title	Preconditions	Test Data	Test Steps	Expected Result	Priority	Actual Result	Status	Tester	Test Date	Bug ID	Notes / Evidence
64	TC-064	89	Points & Discount	FR-018, NFR-010 / US-PT04	Data	Points are 10% of the amount paid for the buyer and for the gift recipient	Gift purchase with a known price. Run it as the first Apex payment (balance 2,450 PTS, see Test Order).	Apex: apex@gmail.com / 123456Aa@ Recipient: Nova Harbor Ltd. (nova@gmail.com) Title: Bridge (CHF 6,500.00 for Class 4 → CHF 5,200.00 after the 20% Year-2 discount) Case 1: no points used Case 2: use 500 points	1. Note the Point Balance on the Dashboard before each purchase (2,450 PTS for the first one) 2. Buy Bridge as a gift to Nova Harbor Ltd. (TC-046 steps 1-5); on Payment read 'You earn … · Recipient earns …' 3. Repeat with 'Use points' = 500 4. Check the buyer's Point Balance after each payment 5. Later, when you log in as Nova for TC-046: check Nova's Point Balance and 'Point history'	- Case 1: total CHF 5,200.00, "You earn +520 PTS · Recipient earns +520 PTS' (10% of the amount paid) - Case 2: total CHF 4,700.00, "You earn +470 PTS · Recipient earns +470 PTS' - Buyer's balance = old balance − points used + points earned: 2,450 + 520 = 2,970 PTS after Case 1, then 2,970 − 500 + 470 = 2,940 PTS after Case 2; points are credited only after the payment is confirmed - Nova receives the same points as the recipient (+520 PTS, then +470 PTS) and sees them in 'Point history' (Points earned · gift received)	High	As expected	Pass				Self-purchase: buyer gets 10% of the amount paid.
65	TC-065	99	Points & Discount	FR-018, FR-026 / US-PT04	Data	Admin-granted Award gives 0 points	The recipient's point balance is known	Admin: admin@gmail.com Recipient: Apex Award: Investor (TC-087)	1. Note Apex's Point Balance 2. Admin grants an Award to Apex (TC-087) 3. Later, in the Apex session (see Test Order), compare the Point Balance	Point Balance is unchanged (0 points for an Award); 'Recent activity' shows an 'Award granted' entry only	Medium	As expected	Pass				
66	TC-066	69	Points & Discount	FR-019 / US-PT05	Functional	View point balance and history	The member has point transactions	Apex: apex@gmail.com / 123456Aa@	1. Log in as Apex and open Member Dashboard 2. Read the 'Point Balance' card 3. Read the 'Points earned' entries in 'Recent activity' 4. Click 'View history' on the 'Point Balance' card	- Point Balance = 2,450 PTS, with the note 'Year-2 discount: eligible now' under it - 'Recent activity' lists the 'Points earned' entries newest first (+900, +650, +900 PTS) and their total equals the balance - 'View history' opens the 'Point history' screen: 'Current balance' 2,450 PTS, 'Total earned' 2,450 PTS, 'Total used' 0 PTS and 'Transactions' newest first (date, type, detail, +/- amount and 'Balance' after each line): Points earned +900 (22 Sep 2026, Balance 2,450), +650 (12 Sep 2026, Balance 1,550), +900 (18 Aug 2026, Balance 900); each detail is 10% of the full price paid (CHF 9,000 / 6,500 / 9,000) because these Titles were bought before 01 Oct 2026, when Apex became eligible for the discount - 'Back to Dashboard' returns to the Dashboard	Medium	As expected	Pass				
67	TC-067	46	Points & Discount	FR-019 / US-PT05	UI/UX	View points with no transactions	The member has no point transactions	Nova: nova@gmail.com / 123456Aa@ (KYC Approved, before any purchase)	1. Log in as Nova and open Member Dashboard 2. Read the 'Point Balance' card and 'Recent activity' 3. Click 'View history'	Point Balance = 0 PTS with "You'll earn points from your first Title purchase."; 'Recent activity' shows the empty state 'Nothing here yet' - 'View history' opens the 'Point history' screen with 0 PTS everywhere and the empty state 'No point activity yet'	Low	As expected	Pass				
68	TC-068	71	Points & Discount	FR-017 / US-PT03	Data	Use points to pay: quick amounts and the order total	The member has a point balance (Apex has 2,450 PTS before any purchase). Run in Test Order; if you run this case alone, click 'Reset' on the Landing Page first.	Apex: apex@gmail.com / 123456Aa@ (2,450 PTS) Title: Investor (CHF 9,000.00, Class 4; CHF 7,200.00 after the 20% Year-2 discount)	1. Go to the Payment step for Investor 2. In 'Use points' click 0, 500, 1,000 and 'Max' one by one 3. Read 'Settlement total' and 'You earn' after each click	- With 0 points: 'Settlement total' CHF 7,200.00, earn +720 PTS - 500: total CHF 6,700.00, earn +670 PTS · 1,000: total CHF 6,200.00, earn +620 PTS - 'Max' uses 2,450 (the balance): total CHF 4,750.00, earn +475 PTS - Each point reduces the total by CHF 1 (no '1 point = 1 CHF' chip is shown); the points are deducted from the balance after payment succeeds	High	As expected	Pass				
69	TC-069	53	Points & Discount	FR-017 / US-PT03	Functional	No discount when not eligible	Account is younger than 2 years (Nova registered during this UAT)	Nova: nova@gmail.com / 123456Aa@	1. Log in as Nova and go to the Payment step 2. Read 'Year-2 loyalty discount (20%)' in 'Points & discount' and in 'Order Summary'	Pill 'Not yet eligible' with "Available from <month year, 2 years after Nova's KYC approval> — requires 2 years of membership and a minimum balance of 1,000 PTS."; 'Order Summary' shows 'Year-2 discount (20%)' = — (Not eligible) and the total equals the Title price	Medium	As expected	Pass				
70	TC-070	47	Points & Discount	FR-020 / US-PT06	Functional	A member with no points cannot use points	The member has 0 points	Nova: nova@gmail.com / 123456Aa@ (0 PTS)	1. Log in as Nova > 'Acquisition & Gifting' > 'Continue to Recipient →' > 'Continue to Payment →' 2. Look at 'Use points'	'Available balance: 0 PTS'; the quick buttons 500 and 1,000 are disabled and 'Max' equals 0; 'Settlement total' equals the Title price and no points are deducted after the payment	Medium	As expected	Pass				
71	TC-071	6	Directory & Verification	FR-021 / US-DR01	Functional	Browse the Public Directory without logging in	Not logged in	—	1. Open the Landing Page 2. Click 'Directory' in the top menu 3. Read the statistics and the first page of cards	- Public Directory opens without login, with 4 statistic cards ('Titles issued 871 · Accredited entities 318, 14 Jurisdictions · Public verifications · Protocol trust health) - Cards show name, type and ID, 'NFTs owned', location, 'x Titles · y Awards', Title tags and 'Rank #n', ordered by rank (Rank #01 Aurelia Capital, 14 NFTs)	High	As expected	Pass				
72	TC-072	62	Directory & Verification	FR-021 / US-DR01	Functional	Search and filter the Directory (by name, entity ID or Title ID)	User is on the Directory	Search: Apex, then Aurelia, then #PW-2026-INV-41207 (the Title Nova bought in TC-037; the number can differ if other Titles were issued) Filter chips: Investor, Philanthropist, Bridge	1. Type 'Apex' in the search box 2. Clear it and type 'Aurelia' 3. Clear it and type the Title ID '#PW-2026-INV-41207' (also try it without '#', and a part such as 'INV-4120') 4. Clear it and click the filter chip 'Investor', then 'Philanthropist', then 'Bridge'	- Search shows only matching entities (Apex Global Syndicate Inc.; Aurelia Capital) - The Title ID search shows the entity that holds it (Nova Harbor Ltd.), with or without '#' and with a partial ID; an ID that does not exist shows 'No entity matches' - Each chip shows only entities that hold that Title; 'Showing … of N' follows the number of results	Medium	As expected	Pass				Search matches entity name, entity ID and Title ID. Only members, awarded and gifted Titles and Aurelia Capital have searchable Title IDs; the generated entities do not.
73	TC-073	7	Directory & Verification	FR-021 / US-DR01	UI/UX	Directory search with no result	User is on the Directory	Search: zzzzz	1. Type 'zzzzz' in the search box 2. Click 'Clear filters'	Empty state 'No entity matches' with "Try a different name, company, or Title ID — or clear the title filter."; 'Clear filters' restores the full list	Low	As expected	Pass				
74	TC-074	12	Directory & Verification	FR-022, FR-023 / US-DR02	Functional	View a profile and its NFTs	The profile owns Titles	Profile: Apex Global Syndicate Inc.	1. Open 'Public Directory' > search 'Apex' 2. Click 'View profile'	'Verified Entity Dossier' shows name, ID PW-ORG-0412, rank, 'Total minted titles', 'Primary title' and 'Member since' (October 2024); 'Awards from PW' lists the Award; 'Verified Titles' lists each Title with Token ID, issue date, issuing authority PW and hash	High	As expected	Pass				
75	TC-075	103	Directory & Verification	FR-023, FR-027 / US-DR02	Functional	Revoked NFT is labelled on the profile	One of Apex's NFTs was revoked (TC-092)	Profile: Apex Global Syndicate Inc.	1. Open 'Public Directory' and read Apex's card 2. Click 'View profile'	The Directory card shows a red '1 Revoked' tag and fewer 'NFTs owned'; in the profile the revoked Title (Bridge #PW-2026-BRG-20417) is labelled 'REVOKED'	Medium	As expected	Pass				
76	TC-076	48	Directory & Verification	FR-023 / US-DR02	UI/UX	Profile of a member without any Title	Nova has no Title	Profile: Nova Harbor Ltd. (search 'Nova Harbor' – 'Nova' alone also matches Jonas Novak and Nikolai Novak)	1. Open 'Public Directory' and search 'Nova Harbor' 2. Click 'View profile'	The card shows 'NFTs owned' 0; the profile shows 'Total minted titles' 0, 'Primary title' —, 'Awards from PW' = 0 awards, and no Title cards	Low	As expected	Pass				Demo web does not show a 'No recognitions yet.' message.
77	TC-077	8	Directory & Verification	FR-024, NFR-005 / US-DR03	Functional	Sort the Directory	User is on the Directory	Sort by: Highest Ranking · Lowest Ranking · Name (A–Z) · Name (Z–A)	1. Open 'Public Directory' 2. Read the first page with 'Sort by' = Highest Ranking 3. Change 'Sort by' to 'Lowest Ranking' and read the first page 4. Change 'Sort by' to 'Name (A–Z)', then 'Name (Z–A)', and read the first page	- Highest Ranking (default): Rank #01 first (Aurelia Capital) - Lowest Ranking: the last-ranked entities are listed first - Name (A–Z): alphabetical order; Name (Z–A): reverse alphabetical order - The 'Sort by' box shows the full selected text	Low	As expected	Pass				
78	TC-078	9	Directory & Verification	FR-024 / US-DR03	Functional	Directory pagination	User is on the Directory without filters	Page size 6; total 318 entities (53 pages)	1. Open 'Public Directory' and read 'Showing 1–6 of 318' 2. Click page '2', then the next-page arrow, then the last page number 3. Click the previous-page arrow	Each page shows up to 6 cards ('Showing 7–12 of 318', …); the last page is 53; the previous / next arrows are disabled on the first / last page	Medium	As expected	Pass				
79	TC-079	63	Directory & Verification	FR-024 / US-DR03	Data	Directory totals update after a new member is approved and buys a Title	The Directory showed the base totals at the start of the UAT (318 entities, 871 Titles). Run in Test Order; if you run this case alone, click 'Reset' on the Landing Page first.	Nova: nova@gmail.com / 123456Aa@	1. Compare 'Titles issued' and 'Accredited entities' on the Directory with the base totals you noted at the start (TC-071) 2. Remember a member shows up in the Directory only after the Admin approves their KYC request (not right after registering), and each Title bought adds one	- 'Accredited entities' = 318 + the accounts whose KYC was approved in this UAT (Nova, Emily) + the sample KYC request approved in TC-109, and each of them has its own card - 'Titles issued' = 871 + the Titles issued since the start (each purchase and gift adds 1; Awards are counted too) and equals the 'Titles issued' counter of the Admin Portal - Nova's card shows 'NFTs owned' equal to the Titles she bought - 'Jurisdictions' stays the same unless a new member's country is new	Medium	As expected	Pass				

UAT CHECKLIST – ACCEPTANCE TEST SCENARIOS

121 PW scenarios prepared from BRD, SRS v1.1 and User Stories & AC. The No. column numbers automatically. Fill in columns M–R while testing.

Note: the Bug ID cell turns red when Status = Fail/Blocked and no Bug ID has been entered.

No.	TC ID	Test Order	Module	Req ID (FR / US)	Test Type	Scenario / Title	Preconditions	Test Data	Test Steps	Expected Result	Priority	Actual Result	Status	Tester	Test Date	Bug ID	Notes / Evidence
80	TC-080	10	Ranking	FR-025 / US-DR04	Data	Ranking is ordered by number of counted NFTs	The Directory has entities with different NFT counts	Directory sorted by 'Highest Ranking'	1. Open 'Public Directory' (sort = Highest Ranking) 2. Compare 'Rank #' with 'NFTs owned' on pages 1 to 3	Entities are ordered by number of NFTs owned, highest first (14, 9, 7, 6, 6, 5, then 5, 4, 3, 2, 1 and finally 0 NFTs); entities with the same count are listed one after another	Medium	As expected	Pass				Award vs Distinction weighting and tie-break are TBD.
81	TC-081	105	Ranking	FR-025 / US-DR04	Data	Ranking is recalculated after mint, transfer, revoke and unlink	Note Apex's rank (Dashboard 'Ranking') before each action	Apex: apex@gmail.com / 123456Aa@	1. Note Apex's 'Ranking' and 'Titles Owned' on the Dashboard before TC-040 2. After TC-040 (Apex buys one Title for itself) check again 3. After TC-053 (transfer an NFT to the linked wallet) check 4. After TC-092 (Admin revokes an NFT) check 5. After TC-030 (unlink the Ledger wallet) check	After each action Apex's rank and NFT count update: a purchase raises the rank and the NFT count; a transfer to my own linked wallet keeps the count; a revoke lowers the NFT count; unlinking a wallet removes its NFTs and lowers 'Titles Owned' and the rank	Medium	As expected	Pass				
82	TC-082	70	Ranking	FR-034 / US-TN09	Data	Dashboard rank matches the Directory rank	Logged in as Apex. Run in Test Order; if you run this case alone, click 'Reset' on the Landing Page first.	Apex: apex@gmail.com / 123456Aa@	1. Read 'Ranking' on the Dashboard (e.g. '#52 in Public Directory') 2. Open 'Public Directory' > search 'Apex' and read the card's 'Rank #'	Both show the same rank number	Medium	As expected	Pass				
83	TC-083	36	Admin – KYC Review	FR-004, FR-005 / US-AD01	Functional	Admin approves a KYC request	Nova request "KYC review" (TC-011)	Admin: admin@gmail.com User: nova@gmail.com	1. Log in as Admin > KYC Review 2. Click Entity 3. Verify Entity's class 3. Click 'Approve'	KYC status = "Approved"; Class is confirmed ("Class X · Auto-assigned" on the user's Dashboard); user is notified and can buy Titles; Audit Log entry written	High	As expected	Pass				
84	TC-084	34	Admin – KYC Review	FR-004 / US-AD01	Functional	Admin rejects a KYC request with a reason	Nova's KYC request is 'KYC in review' (TC-011) and Nova has not been approved yet. Run in Test Order; if you run this case alone, click 'Reset' on the Landing Page first.	Admin: admin@gmail.com Nova: nova@gmail.com / 123456Aa@ Rejection reason: Documents incomplete or missing Message: Please re-upload a clear copy of your documents.	1. Log in as Admin > Admin Portal > 'Accreditation & KYC Queue' 2. Click 'Nova Harbor Ltd.' 3. In 'Decision' select the rejection reason and type the message 4. Click 'Reject' 5. Log in as Nova (the check can be done together with TC-016)	- Admin returns to the queue and the Nova row disappears ("Pending actions' decreases) - Nova's Dashboard shows the 'KYC rejected' badge, the notice 'Your KYC submission was not approved' with the reason and the message, and a 'Re-submit KYC' button - 'Audit Logs' has a KYC_REJECT entry for Nova Harbor Ltd. with the rejection reason in the 'Reason' column	High	As expected	Pass				
85	TC-085	30	Admin – KYC Review	FR-004 / US-AD01	Functional	Admin rejects without a reason	Nova's KYC request is 'KYC in review' (TC-011) and Nova has not been approved yet. Run in Test Order; if you run this case alone, click 'Reset' on the Landing Page first.	Admin: admin@gmail.com Nova: nova@gmail.com / 123456Aa@	1. Log in as Admin and open Nova Harbor Ltd. in the KYC queue 2. Leave 'Rejection reason' empty and click 'Reject'	The action is blocked with "Please select a rejection reason before submitting."; the request stays in the queue and Nova's status does not change	Medium	As expected	Pass				
86	TC-086	32	Admin – KYC Review	FR-005 / US-ON04	Functional	Admin changes the Class during KYC review	Emily is registered (TC-005) and has submitted her KYC like TC-011 (Individual, declared Class 0, 'KYC in review'). Run in Test Order; if you run this case alone, click 'Reset' on the Landing Page first.	Admin: admin@gmail.com Emily: emily@gmail.com / 123456Aa@ Verified (from docs): 600 Reason for class change: Financial audit differs from declaration	1. Log in as Admin, open Emily Carter in the KYC queue 2. In 'Verify against documents' type 600 in 'Verified (from docs)' 3. Click 'Approve KYC' without a reason 4. Select the reason and click 'Approve KYC' 5. Later, in the Emily session (see Test Order), log in as Emily and check the Dashboard; check 'Audit Logs' in the final Admin session	- 'Resulting class' = Class 4 with the 'Class changed' tag and a warning that the Class is raised (Class 0 → 4) - Step 3: "Please select a reason for the Class change before approving." - Emily sees Class 4 on the Dashboard and Class 4 prices; the Audit Log has a KYC_APPROVE entry whose 'Reason' column shows the Class change reason	Medium	As expected	Pass				Demo web: the Audit Log entry shows only KYC_APPROVE for the entity. The web also lets the admin change the Class of an Individual account by headcount (the requirement ties headcount to companies).
87	TC-087	96	Admin – Award, Revoke & Points	FR-026, FR-013 / US-AD02	Functional	Grant an Award to a recipient who has a wallet	Recipient KYC Approved and has a PW wallet. Run in Test Order; if you run this case alone, click 'Reset' on the Landing Page first.	Admin: admin@gmail.com Recipient: Apex Global Syndicate Inc. (code #PW-2026-AWD-00412) Category: Investor Citation: Outstanding cross-border investment 2026	1. Log in as Admin > Admin Portal > '2. Grant Award' 2. Type 'Apex' in the search box and select the suggestion (or enter the code) and click 'Find' 3. Choose the category 'Investor' and enter the citation 4. Click 'Grant Award' and wait for 'Award granted' 5. Later, in the Apex session (see Test Order), log in as Apex and open the Dashboard	- The recipient box shows 'KYC verified', Class and 'Wallet: PW wallet · 0x4f3a…9c21' - Result 'Award granted': Award Investor, Recipient, Award ID (e.g. #PW-AWD-1043), Citation; only two buttons: 'View public profile' and 'Back to Admin Portal' - Apex Dashboard: a new Investor Award card (Soulbound, Non-transferable); 'Titles Owned' rises by 1; 'Recent activity' shows 'Award granted'; the notification bell has an 'Award granted' entry (see TC-105) - The Audit Log has a GRANT_MINT entry whose 'Reason' column shows the citation	High	As expected	Pass				
88	TC-088	33	Admin – Award, Revoke & Points	FR-026, FR-007 / US-AD02, US-AW01	Functional	Grant an Award to a recipient who has no wallet	Recipient KYC Approved and has no wallet (Emily after TC-086)	Admin: admin@gmail.com Recipient: Emily: emily@gmail.com / 123456Aa@ (after KYC approval) Category: Philanthropist Citation: Recognized for sustained cross-border philanthropic leadership	1. Log in as Admin > '2. Grant Award'; search 'Emily' > 'Find' 2. Choose 'Philanthropist', enter the citation (or click a 'Suggestions' chip) and click 'Grant Award' 3. Later, in the Emily session (see Test Order), log in as Emily and check 'My wallets', 'My Titles' and the notification bell	A PW wallet is created and saved for Emily; the soulbound Award is minted to it; Emily's 'My wallets' lists 'PW wallet' (1 NFT) and 'My Titles' shows the Award; the bell shows 'Award granted'; points stay 0; the Audit Log has a GRANT_MINT entry	High	As expected	Pass				
89	TC-089	31	Admin – Award, Revoke & Points	FR-026 / US-AD02	Functional	Grant an Award to a recipient without approved KYC	The recipient's KYC is not Approved	Admin: admin@gmail.com Recipient 1: Nova: nova@gmail.com / 123456Aa@ (KYC in review) Recipient 2: Helios Clean Energy LP (sample request in the KYC queue, not approved)	1. Log in as Admin > '2. Grant Award' 2. Search 'Nova' and click 'Find' (then repeat with 'Helios') 3. Choose a category, enter a citation and click 'Grant Award'	Both entities are found even though their KYC is not approved. The recipient box shows 'KYC not verified'; 'Grant Award' is blocked with "Sorry, awards can only be granted to recipients who have completed KYC." and nothing is issued	High	As expected	Pass				
90	TC-090	38	Admin – Award, Revoke & Points	FR-026 / US-AD02	UI/UX	Grant Award requires a recipient and a citation	Admin is on the 'Grant Award' page	Admin: admin@gmail.com	1. Click 'Grant Award' without choosing a recipient 2. Find 'Apex' and click 'Grant Award' with an empty citation 3. Search for 'zzzz' and click 'Find'	Step 1: "Please find the award recipient first." · Step 2: "Please write a citation before granting the award." · Step 3: "Sorry, no entity matches that code."; nothing is issued in any case	Medium	As expected	Pass				
91	TC-091	39	Admin – Award, Revoke & Points	FR-026 / US-AD02	UI/UX	Citation suggestions and character counter	Admin is on the 'Grant Award' page with a recipient found	Admin: admin@gmail.com Recipient: Apex Global Syndicate Inc.	1. Change 'Award category' between Investor, Philanthropist and Bridge and read the 'Suggestions' chips 2. Click a chip 3. Type more text in the citation box	Each category shows its own three suggestions; clicking a chip fills the citation box; the counter 'x / 500 characters' follows the typed length and stops at 500; the 'Award preview' card shows the recipient and category	Low	As expected	Pass				
92	TC-092	97	Admin – Award, Revoke & Points	FR-027 / US-AD03	Functional	Revoke an NFT	An active NFT exists	Admin: admin@gmail.com Token ID: #PW-2026-BRG-20417 (Bridge of Apex) Reason: Issued in error Note: Minted to the wrong recipient.	1. Log in as Admin > '4. Revoke NFT' 2. Type 'BRG-20417' in the search box, select the suggestion and click 'Find' 3. Select the reason, add the note and tick the confirmation box 4. Click 'Revoke NFT' and wait for 'NFT revoked' 5. Open '5. Audit Logs' in the Admin Portal menu	- Processing screen 'Revoking the NFT', then 'NFT revoked': NFT Bridge, Holder, Token ID, Reason, Revoked on; only two buttons: 'View Public Directory' and 'Back to Admin Portal' - Audit Logs has an NFT_REVOKE entry for Apex Global Syndicate Inc. with the token ID and the 'Reason' column 'Issued in error — Minted to the wrong recipient.' - Later, in the Apex session, the bell shows 'Title revoked' (see TC-105)	High	As expected	Pass				
93	TC-093	40	Admin – Award, Revoke & Points	FR-027 / US-AD03	UI/UX	Revoke without reason, confirmation or NFT	Admin is on the 'Revoke NFT' page	Admin: admin@gmail.com (a) no NFT found (b) NFT found, reason empty (c) reason selected, confirmation box not ticked	1. Click 'Revoke NFT' in each case	(a) "Please find the NFT to revoke first." (b) "Please select a reason before revoking." (c) "Please tick the confirmation box before revoking." Nothing is revoked	Medium	As expected	Pass				
94	TC-094	98	Admin – Award, Revoke & Points	FR-028 / US-AD04	Functional	Manually adjust a user's points	The member has a known balance (noted before the adjustment). Run in Test Order; if you run this case alone, click 'Reset' on the Landing Page first.	Admin: admin@gmail.com Member: Apex Global Syndicate Inc. (balance noted first, e.g. 3,660 PTS after the payment test cases) (a) +100 · Reason: Missing points from a purchase (b) −50 · Reason: Calculation error	1. Log in as Admin > '3. Adjust Points' 2. Search 'Apex' > 'Find' and note the 'Current points' 3. Enter the amount (type a number, or use the + / − buttons; click the sign in front of the number to switch between adding and deducting) and select the reason 4. Click 'Apply Adjustment' 5. Later, in the Apex session (see Test Order), check the Dashboard	- The right-hand column shows only 'Recent point activity' (no other card) - Notice "Apex Global Syndicate Inc. now has <old + 100> PTS." for (a), then <old + 50> PTS after (b) - Apex's Point Balance matches and 'Recent activity' shows 'Points adjusted …: adjusted by PW administrator'; the bell shows 'Points added' and 'Points deducted' - Audit Logs has a POINTS_ADJUST entry with the reason in the 'Reason' column	Medium	As expected	Pass				
95	TC-095	41	Admin – Award, Revoke & Points	FR-028 / US-AD04	Functional	A deduction cannot take the balance below zero	Admin is on the 'Adjust Points' page	Admin: admin@gmail.com Member 1: Apex (balance noted first, e.g. 2,450 PTS at this point of the Test Order) Member 2: Nova: nova@gmail.com / 123456Aa@ (0 PTS) Adjustment: −9,999 for Apex; −150 for Nova	1. Log in as Admin > '3. Adjust Points' 2. Search 'Apex' > 'Find'; type 9999, then click the sign in front of the number to make it a deduction (or type −9999) 3. Read the amount and 'New balance' 4. Search 'Nova' > 'Find', type −150, select a reason and click 'Apply Adjustment'	- Apex: the amount is limited to the current balance (e.g. −2,450) and 'New balance' shows 0 PTS, never a negative number - Nova (0 PTS): the amount cannot go below zero, so no deduction can be entered; 'Apply Adjustment' shows "Please enter a points amount greater than 0."; the balance stays 0 PTS	Medium	As expected	Pass				

UAT CHECKLIST – ACCEPTANCE TEST SCENARIOS

121 PW scenarios prepared from BRD, SRS v1.1 and User Stories & AC. The No. column numbers automatically. Fill in columns M–R while testing.

Note: the Bug ID cell turns red when Status = Fail/Blocked and no Bug ID has been entered.

No.	TC ID	Test Order	Module	Req ID (FR / US)	Test Type	Scenario / Title	Preconditions	Test Data	Test Steps	Expected Result	Priority	Actual Result	Status	Tester	Test Date	Bug ID	Notes / Evidence
96	TC-096	106	Audit Logs	FR-029, NFR-002 / US-AD05	Security	View Audit Logs (read-only)	Several admin actions were done during UAT	Admin: admin@gmail.com	1. Log in as Admin > '5. Audit Logs' 2. Read the table and the counter 3. Look for any edit or delete action	- Entries are listed newest first with Timestamp, Signer node / actor, Action type, Target entity, Reason and Tx hash; 'Displaying n of 12,984 entries' (plus the entries created during UAT) - 'Reason' shows the citation (GRANT_MINT), the reason and note (POINTS_ADJUST, NFT_REVOKE) or the rejection / Class change reason (KYC); '—' when there is none - There is no edit or delete control; 'Export CSV' only downloads a copy that includes the Reason column	High	As expected	**Pass**				
97	TC-097	107	Audit Logs	FR-029 / US-AD05	Functional	Filter the Audit Logs	Admin is on 'Audit Logs'	Admin: admin@gmail.com Chips: ALL, KYC, Awards, Points, Revocations Signer: HSM Gate East From / To: 2026-05-18 to 2026-05-18 Search: Apex, then #PW-2026-AWD-00412	1. Click each chip 2. Choose a 'Signer' in the second row 3. Set 'From' and 'To' dates 4. Type 'Apex' in the search box, then a token ID, and click 'Find' 5. Click 'Reset filters' (or the round arrow icon at the top right)	- Each chip shows only its action type (e.g. Awards = GRANT_MINT) - 'Signer' = HSM Gate East shows only that node's entries; the 'From' / 'To' dates keep only entries inside the range (the dates cannot be set in reverse order) - The search shows only matching entries and the filters combine (all conditions must match) - 'Reset filters' (enabled only while a filter is active) shows all entries again	Medium	As expected	**Pass**				
98	TC-098	108	Audit Logs	FR-029 / US-AD05	UI/UX	Audit Log filter with no result	Admin is on 'Audit Logs'	Admin: admin@gmail.com Search: zzzzz	1. Type 'zzzzz' in the search box	Message "No log entries match."	Low	As expected	**Pass**

Click the round avatar at the top right of the Dashboard 2. Read the menu and click 'Log out' 3. Click the browser Back button	- The menu shows the account name and the wallet address, and a 'Log out' item - After logging out the 'Log in' page opens; Back does not show the Dashboard again (the user is sent to 'Log in')	Medium	As expected	**Pass**				
100	TC-100	29	Login & Access	FR-006, FR-027 / US-ON05, US-AD03	Authorization	Admin sees only Admin menus and cannot open member pages	Admin account exists	Admin: admin@gmail.com Member page address: …/index.html#/dashboard	1. Log in as Admin 2. Read the left menu 3. Paste the Member Dashboard address (…#/dashboard) in the address bar	- The left menu has only 'Public Directory' and 'Admin Portal' (no Member Dashboard, no Acquisition & Gifting) - The member address redirects back to the Admin Portal	Medium	As expected	**Pass**				
101	TC-101	109	Admin – KYC Review	FR-004 / US-AD01	Data	Admin Portal counters follow the actions	Admin is on the Admin Portal	Admin: admin@gmail.com	1. Open the Admin Portal and read 'Pending actions', 'Titles issued' and 'Revocations' 2. Count the rows left in 'Accreditation & KYC Queue' 3. Open 'Public Directory' and read 'Titles issued'	'Pending actions' equals the number of rows left in the KYC queue (the sample requests that were not decided, e.g. 2); 'Revocations' = 3 + the NFTs revoked in this UAT (e.g. 4 after TC-092); 'Titles issued' equals the Directory 'Titles issued'	Medium	As expected	**Pass**				
102	TC-102	4	Onboarding & KYC	FR-001, FR-002 / US-ON01, US-ON02	UI/UX	Landing Page navigation	Not logged in	—	1. Open the Landing Page 2. Click 'Register', go back, click 'Log in', go back, click 'Directory' 3. Click 'How it works' and 'Titles' in the top menu	'Register' opens 'Create your account', 'Log in' opens 'Log in to your account', 'Directory' opens the Public Directory; 'How it works' and 'Titles' scroll to their sections; the 'Reset' button is also shown	Low	As expected	**Pass**				
103	TC-103	49	Notifications & AI Assistant	Extra (not in BRD)	Functional	Notification bell is empty for a new member	Nova's KYC is Approved and nothing has happened to the account yet	Nova: nova@gmail.com / 123456Aa@	1. Log in as Nova and look at the bell at the top right of the Dashboard 2. Click the bell	- The bell has no red dot - The panel 'Notifications' shows "You're all caught up. New updates will appear here." - Clicking outside the panel or pressing Esc closes it	Medium	As expected	**Pass**				
104	TC-104	95	Notifications & AI Assistant	Extra (not in BRD)	Functional	Notification bell shows the gifts received and marks them as read	Apex gifted Titles to Nova (TC-064, TC-046) and Nova has not opened the bell since	Nova: nova@gmail.com / 123456Aa@	1. Log in as Nova (after the gift notification screen of TC-046) and look at the bell 2. Click the bell and read the list 3. Close the panel, reload the page (F5) and look at the bell again	- Before opening: the bell has a red dot - The panel lists one 'Title received' entry per gift (newest first), e.g. "Apex Global Syndicate Inc. gifted you Philanthropist (#PW-…)." with the date and time; unread entries carry the 'New' tag - Opening the panel removes the red dot; after F5 there is no red dot and the entries are no longer marked 'New'	Medium	As expected	**Pass**				
105	TC-105	101	Notifications & AI Assistant	Extra (not in BRD)	Functional	Notification bell shows what the Admin did to the account	The Admin granted an Award to Apex (TC-087), adjusted its points (TC-094, TC-107) and revoked its Bridge Title (TC-092); Apex has not opened the bell since	Apex: apex@gmail.com / 123456Aa@	1. Log in as Apex and look at the bell 2. Click the bell and read the list	- The bell has a red dot - Entries, newest first: 'Points deducted' (the deduction of TC-107, e.g. "2,800 PTS were deducted from your balance. Reason: calculation error."), 'Points deducted' ("50 PTS were deducted from your balance. Reason: calculation error."), 'Points added' ("100 PTS were added … Reason: missing points from a purchase."), 'Title revoked' ("Bridge (#PW-2026-BRG-20417) has been revoked by PW. Reason: issued in error.") and 'Award granted' ("PW granted you the Investor award (#PW-AWD-…).") - Green titles are good news (award, points added), red titles are bad news (revoked, points deducted) - Opening the panel removes the red dot	Medium	As expected	**Pass**				
106	TC-106	72	Points & Discount	FR-017 / US-PT03	Data	Year-2 loyalty discount is applied when the member is eligible	Apex became a member on 01 Oct 2024 (2 years on 01 Oct 2026) and has at least 1,000 PTS	Apex: apex@gmail.com / 123456Aa@ (2,450 PTS) Title: Investor (CHF 9,000.00, Class 4)	1. Log in as Apex and read the note under 'Point Balance' on the Dashboard 2. Go to the Payment step for Investor 3. Read 'Year-2 loyalty discount (20%)' in 'Points & discount' 4. Read 'Order Summary'	- Dashboard note: "Year-2 discount: eligible now" - 'Points & discount' shows the pill 'Eligible' and "Your 20% loyalty discount is applied to this purchase." - 'Order Summary': Title price CHF 9,000.00, 'Year-2 discount (20%)' −CHF 1,800.00, Settlement total CHF 7,200.00, 'You earn +720 PTS' - The three Titles Apex already owns were bought before 01 Oct 2026 at the full price, so they are not discounted (see TC-066)	High	As expected	**Pass**				
107	TC-107	100	Points & Discount	FR-017 / US-PT03	Data	No Year-2 discount when the point balance is below the minimum	The Admin lowers Apex's balance below 1,000 PTS (step 1)	Admin: admin@gmail.com Apex: apex@gmail.com / 123456Aa@ Adjustment: deduct enough to leave less than 1,000 PTS (e.g. −2,800 from 3,710 leaves 910), reason 'Calculation error'	1. Log in as Admin > '3. Adjust Points' > find Apex > enter the deduction, select a reason > 'Apply Adjustment' 2. Later, in the Apex session (see Test Order), read the note under 'Point Balance' on the Dashboard 3. Go to the Payment step for any Title and read 'Points & discount' and 'Order Summary'	- Dashboard note: "Requires a minimum balance of 1,000 PTS (you have 910)." - 'Points & discount': pill 'Not yet eligible' with the same sentence - 'Order Summary': 'Year-2 discount (20%)' = — (Not eligible) and the total equals the Title price	Medium	As expected	**Pass**				
108	TC-108	11	Directory & Verification	FR-022 / US-DR02	Functional	'Show all Titles' on a public profile	Not logged in; the profile has more Titles than the page shows (Aurelia Capital has 12)	Profile: Aurelia Capital	1. Open 'Public Directory' and search 'Aurelia' 2. Click 'View profile' and read 'Verified Titles' 3. Click 'Show all 12 Titles'	- 'Verified Titles' first shows 6 Title cards and the button 'Show all 12 Titles' - After clicking, all 12 cards are listed (each with Token ID, issue date, issuing authority PW and hash) and the button disappears - Opening another profile starts again with the first 6 Titles	Low	As expected	**Pass**				
109	TC-109	37	Admin – KYC Review	FR-004 / US-AD01	Functional	An approved KYC request appears in the Public Directory	The sample request 'Vance Holdings SA' is still in the KYC queue; the Directory does not list it yet	Admin: admin@gmail.com Request: Vance Holdings SA (Zurich, Switzerland)	1. Log in as Admin and open 'Public Directory'; search 'Vance Holdings' and note 'Accredited entities' 2. Open the Admin Portal > 'Vance Holdings SA' > 'Approve KYC' 3. Open 'Public Directory' again and search 'Vance Holdings'	- Before: no 'Vance Holdings SA' card (the search shows 'No entity matches') - After the approval: a 'Vance Holdings SA' card (Company, Zurich, Switzerland) appears with 'NFTs owned' 0 and the lowest rank; 'Accredited entities' increases by 1 - Rejecting a request instead adds nothing to the Directory	Medium	As expected	**Pass**				
110	TC-110	12,1	Notifications & AI Assistant	FR-030	Functional	AI Assistant answers a platform question from the documentation	Not logged in; the 'Ask PW' chat (flower button, bottom right) is available on the Landing Page	(a) How is the price of a Title decided? (b) How many points do I earn when I pay?	1. Open the Landing Page and click the flower button 2. Send question (a) 3. Send question (b) and open 'How this was answered' under the answer	- (a) The answer says the price depends on the buyer's Class (not the recipient's); 'Source: Classes and Title prices' - (b) The answer says points are 10% of the amount actually paid, 1 CHF = 1 point and fractions are rounded up; 'Source: Points and the Year-2 discount' - 'How this was answered' lists the guardrail result, the retrieved passages with their scores and the prompt	High	As expected	**Pass**				

UAT CHECKLIST – ACCEPTANCE TEST SCENARIOS

121 PW scenarios prepared from BRD, SRS v1.1 and User Stories & AC. The No. column numbers automatically. Fill in columns M–R while testing.

Note: the Bug ID cell turns red when Status = Fail/Blocked and no Bug ID has been entered.

No.	TC ID	Test Order	Module	Req ID (FR / US)	Test Type	Scenario / Title	Preconditions	Test Data	Test Steps	Expected Result	Priority	Actual Result	Status	Tester	Test Date	Bug ID	Notes / Evidence
111	TC-111	12,2	Notifications & AI Assistant	FR-030	Functional	AI Assistant looks up NFT information (public entity, and own data needs login)	Not logged in; right after 'Reset' (Aurelia Capital is #1 and Lancaster Holdings Ltd is #2)	(a) What is the rank of Aurelia Capital? (b) How many NFTs does Lancaster Holdings Ltd own? (c) How many titles do I own?	1. Open the chat on the Landing Page 2. Send (a), then (b), then (c) 3. Compare (a) and (b) with the entity cards in 'Public Directory'	- (a) 'Aurelia Capital (Company, PW-ORG-0081) is ranked #1 … with 14 NFTs (12 Titles · 2 Awards) … Geneva, CH'; same numbers as the Directory card - (b) 'Lancaster Holdings Ltd (Company, PW-ORG-0144) is ranked #2 … with 9 NFTs (8 Titles · 1 Award) … London, UK'. - (c) 'Please log in first so I can look up your own account details.' (no personal data for a visitor)	High	As expected	**Pass**				
112	TC-112	12,3	Notifications & AI Assistant	FR-030	Functional	AI Assistant gives platform guidance (how-to questions)	Not logged in; the chat is open	(a) How do I gift a title to someone? (b) Why is the Pay & issue Title button disabled?	1. Send (a) 2. Send (b)	- (a) The answer mentions 'Gift to Someone', searching an entity by name or ID and the optional message of up to 500 characters - (b) The answer says the Title Issuance Terms and the Legal Custody Agreement must be ticked before 'Pay & issue Title' can be clicked - Each answer shows its 'Source' line	Medium	As expected	**Pass**				
113	TC-113	12,4	Notifications & AI Assistant	FR-030	Functional	AI Assistant refuses investment advice, out-of-scope questions and other accounts' data	Not logged in; the chat is open	(a) Should I buy the Investor title as an investment? (b) What is the weather in Zurich today? (c) How many points does Aurelia Capital have?	1. Send (a), (b), (c) one by one	- (a) "I can't give investment, legal or tax advice, or predict the value of a Title…" - (b) "I don't have information about that in the PW documentation…" and suggests PW support - (c) "I can only show information about your own account…" - No answer invents a price forecast, weather or another entity's points	High	As expected	**Pass**				
114	TC-114	12,5	Notifications & AI Assistant	NFR-001	Performance	AI Assistant responds within 2–5 seconds	The chat is open; any question can be used	Question: How is the price of a Title decided?	1. Start a stopwatch when clicking 'Send' 2. Stop it when the full answer appears	- The answer appears within 5 seconds (target 2–5 s) - Note: the demo answers almost instantly because it has no language model; repeat this case when a real model is connected	Medium	As expected	**Pass**				
115	TC-115	74,1	Notifications & AI Assistant	FR-030	Functional	AI Assistant looks up my own NFTs, rank and points (live data)	Logged in as Apex before any purchase in this run (4 NFTs, 2,450 PTS, rank #52). Run in Test Order; if you run this case alone, click 'Reset' on the Landing Page first.	Apex: apex@gmail.com / 123456Aa@ (a) How many titles do I own? (b) What is my rank? (c) How many points do I have?	1. Log in as Apex and open the chat 2. Send (a), (b), (c) 3. Compare with the Dashboard cards 'My Titles', 'Ranking' and 'Points'	- (a) 'You own 4 NFTs (3 Titles · 1 Award): Investor #PW-2025-INV-99810; Investor #PW-2026-INV-10233; Bridge #PW-2026-BRG-20417; Philanthropist #PW-2026-AWD-00412.' - (b) 'Your rank in the Public Directory is #52, with 4 counted NFTs.' - (c) 'You currently have 2,450 PTS.' - All three numbers equal the Dashboard	High	As expected	**Pass**				
116	TC-116	74,2	Notifications & AI Assistant	FR-030	Functional	AI Assistant recommends a Title for a stated purpose (no investment advice)	Logged in as Apex (Class 4, Year-2 eligible); the chat is open	Apex: apex@gmail.com / 123456Aa@ (a) Which Title should I buy to support charity? (b) Can you recommend a Title for co-investment? (c) Which title should I choose? (d) Which title is a good investment?	1. Send (a), (b), (c), (d) one by one	- (a) Recommends Philanthropist with its description and the member's price: CHF 4,500 (CHF 3,600 with the Year-2 discount) - (b) Recommends Investor: CHF 9,000 (CHF 7,200 with the Year-2 discount) - (c) Lists the three Titles with their descriptions and asks for the goal - (d) Refuses: no investment advice - Every recommendation says it only matches a Title to a purpose and is not financial advice	High	As expected	**Pass**				
117	TC-117	74,3	Points & Discount	FR-018, FR-010 / US-PT04	Functional	Reward points are rounded up (1 CHF = 1 Point)	Logged in as Apex (Year-2 eligible, 2,450 PTS). Do not pay: only read the Order Summary. Run in Test Order; if you run this case alone, click 'Reset' on the Landing Page first.	Apex: apex@gmail.com / 123456Aa@ Title: Philanthropist (CHF 4,500, Class 4; CHF 3,600 after the discount) Points to use: 9	1. Open 'Acquisition & Gifting', select Philanthropist, click 'Continue to Recipient →' and keep 'For Myself' 2. Continue to the Payment step 3. In 'Use points' type 9 4. Read 'Order Summary' 5. Click 'Back to Dashboard' without paying	- Settlement total: CHF 3,591.00 (3,600 – 9) - 'You earn +360 PTS': 10% of 3,591 is 359.1, rounded UP to 360 (not 359) - After 'Back to Dashboard' the balance is still 2,450 PTS because nothing was paid	High	As expected	**Pass**				
118	TC-118	109,1	Audit Logs	FR-029, NFR-002 / US-AD05	Functional	Audit Logs record NFT mints and transfers	Titles were bought or gifted (TC-037, TC-038, TC-040, TC-041, TC-046) and NFTs were transferred (TC-054, TC-055, TC-056, TC-062) in earlier sessions	Admin: admin@gmail.com	1. Log in as Admin and open 'Audit Logs' 2. Click the chip 'Mints' and read the rows 3. Click the chip 'Transfers' and read the rows 4. Click 'ALL'	- 'Mints': one NFT_MINT row for every Title bought or gifted in this run; Target = who received the Title; Reason 'Purchased by the holder' or 'Gifted by <buyer>'; Block and Tx hash present - 'Transfers': one NFT_TRANSFER row for every completed transfer; Target = the owner; Reason 'To own wallet 0x…' - Rows are newest first; each chip shows only its own action type; 'ALL' shows everything together with KYC, Award, Points and Revocation rows	High	As expected	**Pass**				
119	TC-119	61,1	Wallet Management	FR-031 / US-AW04	Functional	Link a wallet that is already linked to another account	Logged in as Nova (no linked wallet); Apex already has 'Ledger — personal' (0x8b2e…41d7) linked, in the same browser	Nova: nova@gmail.com / 123456Aa@ Wallet name: Ledger copy Wallet address: 0x8b2e000000000000000000000000000041d7 (short form 0x8b2e…41d7)	1. Log in as Nova and open Member Dashboard 2. In 'My wallets' click 'Link wallet' 3. Enter the name and the address above 4. Click 'Continue'	Message "This wallet is already linked to another PW account. Each wallet can be linked to one account only."; the dialog does not go to the signing step and 'My wallets' is unchanged	High	As expected	**Pass**				
120	TC-120	61,2	NFT Transfer	FR-010, FR-031 / US-TN06	Functional	Transfer to a wallet that is already linked to another account	Logged in as Nova with a Title whose one-time transfer is unused (after TC-037); Apex already has 'Ledger — personal' (0x8b2e…41d7) linked, in the same browser	Nova: nova@gmail.com / 123456Aa@ Destination address: 0x8b2e000000000000000000000000000041d7 (short form 0x8b2e…41d7)	1. Log in as Nova and click 'Transfer' on a Title card 2. Select 'Another address' and enter the address above 3. Click 'Continue'	Message "This wallet is already linked to another PW account. Each wallet can be linked to one account only."; there is no signing dialog, nothing is transferred, and the Title stays in the PW wallet with 'Transfer' still available	High	As expected	**Pass**				
121	TC-121	30,1	Directory & Verification	FR-021 / US-DR01	Functional	A member whose KYC is not approved is not listed in the Directory	Nova has submitted KYC and the request is still In Review (right after TC-085); Nova is not approved yet	Admin: admin@gmail.com Search: Nova Harbor	1. Log in as Admin and open 'Public Directory' 2. Note 'Accredited entities' and search 'Nova Harbor'	- No 'Nova Harbor Ltd.' card appears (the search shows 'No entity matches') and 'Accredited entities' does not count Nova - The same applies to a member whose KYC was rejected - Nova gets a card only after the Admin approves the request (see TC-079)	High	As expected	**Pass**
